

Transformational Programs Using Social, Mobile, Analytics, Cloud and the Internet of Things (IoT)

Change the focus and increase the importance
of Quality Assurance and Testing

Launch of **World Quality Report** 2014-15 and the **New TMap**

Lunch seminar **13.11.2014** at **12.00-14.00**

World Quality Report

What are the key findings in software Quality Assurance (QA) and testing?

Our sixth **World Quality Report (WQR)** developed in collaboration with HP examines the state of application quality and testing covering 10 industry sectors across 25 countries. This is the only major global report that **covers outsourcing trends, tools, technology, organization**, and provides industry-specific analysis and benchmark that help clients make better informed decisions on their testing.

New TMap Launch

Sogeti is an acknowledged thought leader in the field of testing and Quality Management, and known especially for its methods TMap® (Test Management Approach) and TPI® (Test Process Improvement). Now we are launching **"the new TMap"**, which is even **more accessible and flexible** than the "old one." In the new edition the tester is central, not the process. The new TMap will be published in a series of books - join the seminar to hear the details.

Time and place

Thursday 13.11.2014
@ 12.00-14.00

Sogeti Finland Oy
